

SP6929

MEDIUM-FULL MATURITY HYBRID GRAIN SORGHUM

KEY POSITIONING / BENEFITS

- Excellent drought tolerance
- Excellent general leaf disease resistance
- High yield potential
- Bronze grain color
- Good threshability
- Uniform plant type

POSITIONING / MANAGEMENT

SP6929 has a high yield potential with excellent drought tolerance and an excellent general leaf disease package. It should be planted where medium-full season grain hybrids are adapted. SP6929 is a uniform hybrid with good threshability. It has excellent seed emergence. SP6929 is resistant to Downy Mildew Pathotypes 1, 2, and P6. It also has tolerance to MDMV and Anthracnose and is resistant to Head Smut. SP6929 has higher than average starch content for outstanding ethanol production.
